Message from the Guest Editor

The scope of this Special Issue is to put together a series of high-level papers treating Light Pollution to a holistic manner that goes from technological advances to policies, passing through impacts on biotopes and human health. This approach will place this special issue in a pole-position in today's literature. Beyond its evident scientific interest, this special issue ambition to contribute to awareness raising in destination of decision- and policy-makers.

We invite you to contribute to this Issue by submitting research articles or comprehensive reviews in all of the above-mentioned fields, in relation to light pollution. Papers selected for this Special Issue will be subject to a rigorous peer-review procedure, with the aim of a rapid and wide dissemination of research results, developments, and applications.
