### Message from the Guest Editor

Dear Colleagues,

This Special Issue of *Sustainability* will be devoted to cutting-edge research addressing the issues of smart and sustainable cities management in the context of UN New Urban Agenda. The papers addressing the following topics will be considered: sustainable development indicators, performance assessments, planning approaches, climate change mitigation and adaptation, decarbonization, sustainable transport, food security, digitization and the environment, pro-environmental behaviour, green infrastructure, urban air pollution, health, and the covid-19 pandemic. Particular emphasis will be given to empirical studies with a clear policy focus. Articles are invited from a broad range of regions from all across the world, including Africa, North and South America, Oceania, Asia, and Europe.
