### Message from the Guest Editors

In this Special Issue of *Sustainability*, we invite submissions focusing on SC traceability as a key enabler of SC sustainability. We welcome submissions that offer important conceptual and empirical insights into how traceability can be used to leverage the sustainability claims of SC networks, particularly based on disruptive technologies such as IoT, blockchain, AI, and collaborative platforms. Of particular interest are papers focusing on the intersection of sustainability and SC traceability in specific sectors such as food supply, electronics manufacturing, pharmaceuticals, agriculture, textile, etc.

Deadline for manuscript  
submissions:

**30 December 2021**

an Open Access Journal by MDPI

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
