Urban Retail Systems: vulnerability, resilience and Sustainability

Message from the Guest Editors

The studies of this Special Issue are expected to address:

- The development of new retail concepts and shopping spaces and their implications for the resilience of urban retail systems
- The theoretical discussion and measurement of spatial vulnerability and resilience of retail centres
- The digital challenge for the high street resilience
- The relationship between sustainability, shopping travel, and retail policy and planning.
- The critical analysis of retail-led regeneration schemes in the enhancement of urban liveability and the development of sustainable lifestyles
- The evaluation of the strengths and weaknesses of retail-led regeneration projects for the competitiveness of cities throughout the urban hierarchy.
- Opportunities and threats of gentrification to the reinvention of retail concepts and shopping districts

Keywords

- retail resilience
- retail policy and planning
- retail-led urban regeneration
- retail gentrification
- urban governance
- urban sustainability
- assessment methods

Deadline for manuscript submissions:
31 October 2020
Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer-reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Author Benefits

**Open Access**: free for readers, with article processing charges (APC) paid by authors or their institutions.

**High visibility**: indexed by the Science Citation Index Expanded and Social Sciences Citation Index (Web of Science), as well as Scopus and other databases.

**Rapid publication**: manuscripts are peer-reviewed and a first decision provided to authors approximately 16.1 days after submission; acceptance to publication is undertaken in 4.9 days (median values for papers published in this journal in the second half of 2018).
