

## Special Issue

# Research Progress on Economic Dispatch of Electric Power System

### Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Research on economic dispatch algorithm of power system;
- Research on economic dispatch model and algorithm design of wind power system;
- Economic emission dispatching of power system;
- Dynamic economic dispatch of power system;
- Economic dispatch of cogeneration;
- Dynamic economic dispatch of cogeneration;
- Dynamic economic emission scheduling of cogeneration;
- Multi-objective economic dispatch of power system;
- Application of swarm intelligence optimization algorithm in power system;
- Application of artificial intelligence method in power system;
- Research on power flow optimization;
- Optimization of large-scale power network system.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

### Author Benefits

#### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

#### High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1  
(Geography, Planning and Development)
