

Special Issue

Sustainable Rural Development Practices and Results: Learnings and Results from Policies and Initiatives—2nd Edition

Message from the Guest Editors

We encourage researchers to submit contributions in the priority areas below: strategies to tackle depopulation of rural areas; social innovation and rural change; networks of actors and governance in rural development; the added value of projects and initiatives; youth and gender perspectives in rural development; neo-endogenous rural development as a tool for enhancing agricultural landscapes, quality productions, and agri-foods chains; agricultural landscapes and quality productions in rural areas; tools, digital innovations, and virtual and augmented reality for the study, interpretation, and enhancement of local resources, agricultural landscapes, and future scenarios; learnings from successful and failed initiatives in the practice of rural development; natural and cultural heritage as tools for rural development; the impact of the out-migration of young people in rural areas—irregular vs. circular experiences; rural extension and smallfarmers' ability to innovate and adapt to market and climate change; ageing, loneliness, and rural contexts; linkages between rural development, food security, and migration intentions in the Central American context

Guest Editors

Prof. Dr. Francisco Navarro Valverde

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
