

## Special Issue

# Effect of 6G and beyond Communication Technologies on Healthcare Sector

### Message from the Guest Editors

This Special Issue focuses on a wide range of issues related to the application of 6G in various fields. The main focus of this Special Issue is digital healthcare. Topics to be covered include, but are not limited to, the following:

- Detection of EEG, EMG and ECG using smart wearable devices and AI
- Big data analytics and deep learning in 6G
- Data privacy and security in future healthcare
- Data storage, collection, processing, training and modeling in 6G
- Federated learning for healthcare in 6G
- Advanced AI algorithms for the automatic examination of physiological signals obtained from wearable devices

---

### Guest Editors

Dr. Kashif Saleem

Center of Excellence in Information Assurance (CoEIA), King Saud University, Riyadh 11451, Saudi Arabia

Prof. Dr. Joel J. P. C. Rodrigues

1. Post-Graduation Program on Electrical Engineering, Federal University of Piauí (UFPI), Teresina, Brazil

2. Senior Researcher, Instituto de Telecomunicações, Covilhã, Portugal

---

### Deadline for manuscript submissions

closed (30 November 2023)

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
