

Special Issue

Intelligent Transport Systems and Sustainable Transportation

Message from the Guest Editors

The scope of this Special Issues includes, but is not limited to, the following areas:

- The investigation of transportation systems in terms of their sustainability of infrastructure, vehicles, and operations;
- The integration of different disciplines with transportation, including engineering, social science, operations research, and information technology;
- The application of qualitative and quantitative methods to transportation studies;
- Expository papers and case studies in a local and international context;
- Transport management (smart transport systems, road pricing policy, decarbonization, fuel efficiency and carbon economy, transport electrification);
- Social aspects and consumer decisions related to transport systems and planning;
- Transportation policies in adaptation to climate policies;
- Sustainability issues in the airline.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
