Special Issue

Intelligent Transport Systems and Sustainable Transportation

Message from the Guest Editors

The scope of this Special Issues includes, but is not limited to, the following areas:

- The investigation of transportation systems in terms of their sustainability of infrastructure, vehicles, and operations;
- The integration of different disciplines with transportation, including engineering, social science, operations research, and information technology;
- The application of qualitative and quantitative methods to transportation studies;
- Expository papers and case studies in a local and international context;
- Transport management (smart transport systems, road pricing policy, decarbonization, fuel efficiency and carbon economy, transport electrification);
- Social aspects and consumer decisions related to transport systems and planning;
- Transportation policies in adaptation to climate policies;
- Sustainability issues in the airline.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
