

Special Issue

Selected Papers from the Carbon Peaking and Carbon Neutrality in Transportation Section of the World Transport Convention (WTC)

Message from the Guest Editors

The Special Issue on Carbon Peaking and Carbon Neutrality in the Transportation Section of the World Transport Convention (WTC) organized two parallel technical committees: 'durability and low-carbon technologies of transportation infrastructures' and '' to encourage the submission of recent work that furthers our understanding of the durability and low-carbon technologies for transportation infrastructure. The papers submitted to these two TCs will be considered for publication under this Special Issue. This Special Issue also lays out an interdisciplinary framework that aims not only to advance specific areas of science and engineering but also to help advance the state of practice in transportation engineering. Review articles that describe the current state of the art are also encouraged.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
