

## Special Issue

# Technology and Energy Transition for Sustainable Cities

### Message from the Guest Editor

This call for papers invites contributions to a special issue focusing on "Technology and Energy Transition for Sustainable Cities." As cities worldwide face unprecedented challenges due to climate change and urbanization, the role of technology in driving energy transitions becomes increasingly critical. This issue aims to explore innovative technological solutions and strategies for achieving sustainable urban energy systems.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
