

Special Issue

Traffic Safety, Road User Attitudes and Sustainable Transportation

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following:

- Car crash-free driving and sustainable safety interventions, education programs, and good practices;
- Safety technology and innovations and sustainable traffic modes and infrastructures;
- Attitudes and behaviours toward public awareness on traffic safety and sustainable road safety and traffic modes;
- Interventions, attitudes, and behaviours toward public preferences with regard to their daily choices to move and their dependency on motor vehicles.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
