

Special Issue

Sustainable Energy Systems and Renewable Generation—Second Edition

Message from the Guest Editors

This Special Issue, entitled "Sustainable Energy Systems and Renewable Generation—Second Edition", aims to present the results of completed and conducted research works, both in technical and social and economic terms, based on the future directions of the development of sustainable and renewable energy technology and operations. Topics of interest for this Special Issue include, but are not limited to, the following:

- Renewable energy technologies;
- Renewable energy applications and implementation;
- Renewable energy policy, management, and governance;
- Technical innovations and economic feasibility;
- Marine and offshore energy systems;
- Onshore energy systems;
- Case studies encompassing renewable and sustainable energy development;
- Sustainable energy systems in buildings;
- Smart grids and microgrids for green electricity;
- CO2 capture and storage;
- Future high-capacity energy storages.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
