

Special Issue

Advances in Sustainable Water Management and Environmental Chemistry

Message from the Guest Editor

This Special Issue aims to provide information and research approaches aiding in water storage, water management, water remediation and water purification to better prepare for adverse environmental impacts. Original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: Water remediation; Water management; Water treatments; Water storage and reuse; Water purification; Environmental effect of water; Microbial fuel cells; Water policy and strategy.

Guest Editor

Prof. Dr. Levente Csóka

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
