

Special Issue

Sustainable Agri-Food System: Producers' and Consumers' Perspective

Message from the Guest Editors

This Special Issue aims to address these global business and societal challenges and to contribute to the development of a sustainable agri-food system by covering the following topics:

- Innovative agri-food marketing initiatives and sustainability.
- Digital agribusiness marketplaces and sustainability.
- Local agri-food products.
- Novel food and sustainability.
- Consumers' motivation for buying sustainable agricultural products.
- Farmers' perception of sustainable agricultural products.
- Agricultural and food waste management.
- Social sustainability in agriculture.
- Children and food choices.
- COVID-19 pandemic and sustainability of agri-food markets.
- Use of experimental and behavioral economics in agri-food research.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
