

## Special Issue

# Sustainable Agri-Food System: Producers' and Consumers' Perspective

### Message from the Guest Editors

This Special Issue aims to address these global business and societal challenges and to contribute to the development of a sustainable agri-food system by covering the following topics:

- Innovative agri-food marketing initiatives and sustainability.
- Digital agribusiness marketplaces and sustainability.
- Local agri-food products.
- Novel food and sustainability.
- Consumers' motivation for buying sustainable agricultural products.
- Farmers' perception of sustainable agricultural products.
- Agricultural and food waste management.
- Social sustainability in agriculture.
- Children and food choices.
- COVID-19 pandemic and sustainability of agri-food markets.
- Use of experimental and behavioral economics in agri-food research.

---

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
