

Special Issue

Plant-Microbe Interactions for Sustainable Agriculture in Changing Environment

Message from the Guest Editors

Being aware of the importance of sustainability, we are pleased to announce the launch of a Special Issue titled “Plant-Microbe Interactions for Sustainable Agriculture in Changing Environment”, with the aim to focus on the role of microbiota in sustainable agriculture. The scope of this Special Issue covers a wide range of topics on the beneficial role of microbes, ranging from stress management to applications in specific crops. Authors are welcomed to submit both research and review articles for this Special Issue. The topics of interest include (but are not limited to) the following:

- Fundamentals of plant-microbe interactions;
- Rhizosphere, rhizobacteria and their interactions;
- Plant-microbe interactions during biotic and abiotic stresses;
- Plant-microbe interactions and crop productivity;
- Role of microbes in sustainable agriculture;
- Omics in plant-microbe interactions

Guest Editors

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
