Special Issue

Sustainable Development of Agricultural Systems

Message from the Guest Editors

(1) Introduction, including scientific background and highlighting the importance of this research area. This Special Issue, entitled "Sustainable Development of Agricultural Systems", draws on current interdisciplinary research, focusing on the exploration and application of regenerative agricultural practices and tackling contentious issues such as carbon farming, livestock emissions, systems of rice intensification, and conservation grazing. (2) Aim of the Special Issue and how the subject relates to the journal scope The Special Issue aims to explore pathways towards sustainable development in agricultural systems. It aligns closely with the journal's interdisciplinary scope by delving into the complexities of sustainable agriculture, and shedding light on innovative strategies and trends that can contribute to the advancement of more resilient. equitable, and sustainable agricultural systems.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
