

## Special Issue

# Sustainable Lighting and Light Pollution

### Message from the Guest Editors

Our aim with this magazine is to shed light on the crucial intersection of sustainable lighting practices and the mitigation of light pollution. By exploring innovative technologies, best practices, and policy initiatives, we seek to inspire meaningful change in how we illuminate our world while safeguarding the sanctity of our nightscapes.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
