Sustainable Consumption and Production: Pathways to Resource Efficiency and Circular Economy

Message from the Guest Editors

We welcome submissions on topics including but not limited to: "has their own line : Sustainable consumption and production is a vital concept for minimizing waste and environmental impacts while fostering economic growth and social equity. It plays a crucial role in achieving the United Nations Sustainable Development Goals (SDGs), particularly Goal 12, which focuses on responsible consumption and production patterns. By adopting SCP principles, societies can shift towards a circular economy that prioritizes resource efficiency, waste reduction, and sustainable practices.

We welcome submissions on topics including but not limited to:

- green circular economy
- environmental impacts
- sustainable development
- sustainable ecological friendly designs
- green designs
- growing consumer demand for sustainable products
- sustainable green qualitative tourism
- environmental health
- monitoring schemes
- knowledge economy
- infrastructure for recycling

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
