Sustainable Consumption and Production: Pathways to Resource Efficiency and Circular Economy

Message from the Guest Editors

We welcome submissions on topics including but not limited to: " has their own line : Sustainable consumption and production is a vital concept for minimizing waste and environmental impacts while fostering economic growth and social equity. It plays a crucial role in achieving the United Nations Sustainable Development Goals (SDGs), particularly Goal 12, which focuses on responsible consumption and production patterns. By adopting SCP principles, societies can shift towards a circular economy that prioritizes resource efficiency, waste reduction, and sustainable practices.

We welcome submissions on topics including but not limited to:

- green circular economy
- environmental impacts
- sustainable development
- sustainable ecological friendly designs
- green designs
- growing consumer demand for sustainable products
- sustainable green qualitative tourism
- environmental health
- monitoring schemes
- knowledge economy
- infrastructure for recycling

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
