

Special Issue

Energy Saving and Emission Reduction from Green Transportation

Message from the Guest Editors

We invite colleagues to submit research papers, communications, and review articles for our consideration. We welcome the submission of papers including, but not limited to, the following topics:

- Energy saving and emissions reduction for green transport modes;
- Carbon neutrality and green transportation;
- Life cycle assessment of green transport modes;
- Environmental impacts of transportation electrification;
- Environmental Rebound Effect of green transport;
- Determinants of green transport mode adoption;
- Policies for green transportation.

We look forward to receiving your response, and if there is any further information you require, please do not hesitate to contact us.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
