

## Special Issue

# Entrepreneurship, Innovation and Sustainability in Digital Ecosystems

### Message from the Guest Editors

Our aim is to explore and promote recent advancements in digital ecosystems, with a focus on entrepreneurship and innovation as drivers for sustainability. Research areas may include (but are not limited to) the following:

- The emergence and development of new digital business ecosystems;
- The influence of technology development in business ecosystem evolution;
- Entrepreneurship and sustainability;
- Innovation in the digital context as a contributor to sustainable organizational growth;
- Digital realities as a main trigger for entrepreneurial and sustainable development and growth;
- Managing risks in ensuring the sustainability of digital ecosystems;
- The role of human resources in developing sustainable digital ecosystems;
- Contextual factors that influence entrepreneurship and innovation in sustainable digital ecosystems;
- Cross-country differences related to entrepreneurship, innovation and digital ecosystems;
- Financial performance of digital business ecosystems;
- International dimensions of digital ecosystem development and sustainability.

We look forward to receiving your contributions.

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
