Entrepreneurship, Innovation and Sustainability in Digital Ecosystems

Message from the Guest Editors

Our aim is to explore and promote recent advancements in digital ecosystems, with a focus on entrepreneurship and innovation as drivers for sustainability. Research areas may include (but are not limited to) the following:

- The emergence and development of new digital business ecosystems;
- The influence of technology development in business ecosystem evolution;
- Entrepreneurship and sustainability;
- Innovation in the digital context as a contributor to sustainable organizational growth;
- Digital realities as a main trigger for entrepreneurial and sustainable development and growth;
- Managing risks in ensuring the sustainability of digital ecosystems;
- The role of human resources in developing sustainable digital ecosystems;
- Contextual factors that influence entrepreneurship and innovation in sustainable digital ecosystems;
- Cross-country differences related to entrepreneurship, innovation and digital ecosystems;
- Financial performance of digital business ecosystems;
- International dimensions of digital ecosystem development and sustainability.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
