

Special Issue

Visualising Landscape Dynamics

Message from the Guest Editors

Topics research A. Landscape dynamics representation and visualization.

B. Landscape dynamics modeling and simulation.

C. Landscape dynamics survey, maps, visual data mapping.

D. Tangible and intangible landscapes visualization and communication.

E. Landscape dynamics perception and communication: research and applications of tools and methodologies for the design and visualization of cognitive landscape maps.

F. Virtual Landscape and Augmented Landscape: application and development of Digital Twins for design and management of contemporary landscapes; use the technologies such as virtual and augmented reality to enhance landscape immersion and its knowledge.

G. Landscape network: tools to analyze different kinds of landscape network (citizen, economic, food, energy, social) and methodologies for their visualisation with innovative infographics.

H. Governance's landscape design process: applications of digital tools for the recognition and representation of social dynamics, such as webGIS, PPGIS and other.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
