

## Special Issue

# Food Science and Technology and Sustainable Food Products

### Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following:

- Application of food science in sustainable food processing;
- Sustainable food processing methods;
- Food product development and sustainability;
- Sustainable food products;
- Challenges and mitigation of sustainable food processing;
- Challenges to the adoption of sustainable processing technologies;
- Sustainable ingredients in food processing;
- Opportunities for sustainable food processing.

### Keywords

- sustainable food
- sustainable food products
- food ingredients
- new food product development
- food processing
- food processing technology
- food waste valorisation
- food by-product valorisation
- underutilised food sources and sustainability

---

### Guest Editors

Dr. Daniel M. Anang

Dr. Haruna Musa Moda

Dr. Olajide Sobukola

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

---

### Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario  
Institute of Technology, Oshawa, ON L1G 0C5, Canada
