Special Issue

Ecosystem Services in the Planning and Sustainable Development of Urban Green Spaces

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome, and research areas may include, but are not limited to:

- Valuation methods for quantifying ecosystem services in urban areas:
- Spatiotemporal variation characteristics of ecosystem services in urban areas;
- The trade-off-synergy relationship between ecosystem services provided by USGs;
- Habitat fragmentation, connectivity, and their impacts on ecological processes;
- Supply-demand matches and mismatches of ecosystem services;
- The relationship between ecosystem services and human wellbeing;
- The spatial optimization of USGs.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
