

Special Issue

Circular Economy and Modular Construction for a Sustainable Built Environment

Message from the Guest Editors

Aim of the Special Issue and how the subject relates to the journal scope. This Special Issue aims to promote circular economy and/or modular construction for a sustainable built environment. Both circular economy and modular construction could ensure optimum utilization of the Earth's finite resources, elimination of construction and demolition waste and a reduction in carbon emission. These benefits are a part of the 2030 Agenda for Sustainable Development adopted by the United Nations, which the *Sustainability* journal aims to support. Suggest themes.

- Circular economy transition in the construction industry;
- Modular construction in the built environment;
- Circularity and modularity in the construction industry;
- Circular economy as a socio-technical phenomenon;
- Sustainable built environment.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
