Special Issue

Modeling and Simulation of Human-Environment Interactions, 2nd Edition

Message from the Guest Editor

We invite papers that broadly deal with challenges of human-environment modeling like addressing open questions, providing novel case studies, or encouraging interesting and challenging debates. Theoretical and applied contributions may include but are not limited to, the following areas: · Simulation models and techniques,

- · Using Artificial Intelligence techniques to model human-environment interactions
- Software or implementations covering issues of scalability, usability, or integration.
- · Methodologies for parts of the modeling process (e.g., design, analysis). Modeling applications covering a wide range of topics such as urban systems, agricultural systems, public health, land use change, natural disaster management, and public participatory modeling are particularly encouraged.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
