

Special Issue

Green Energy Transmission: The Future of Sustainable Development

Message from the Guest Editors

This Special Issue sheds light on the future and sustainable development of green energy transmission. This Special Issue welcomes papers related to clean energy (geothermal energy, hydropower, solar energy, wind energy), nuclear energy, low-carbon technologies, and energy transition in all sectors (industries, agriculture, transport and households). We also welcome both qualitative and quantitative research, as well as empirical and theoretical works.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
