

Special Issue

Gender Equality: Empowering Women and Girls for Sustainable Development

Message from the Guest Editors

The Special Issue is addressed to invite scholars to highlight the current methodologies and practices for the SDG #5 initiatives and practices adopted by business organizations of private and public sectors. The cover of this Special Issue is to promote innovative and original research on the managerial accounting methodology and practices for achieving SDG #5. Significant papers of theoretical and empirical research on these topics are welcomed. Topics:

- Business models and SDGs #5;
- Environmental and social accounting and SDG #5;
- Management innovation for SDG #5;
- SDG #5, GHG accounting, and carbon accounting;
- Resilience theory, SDG #5, and integrated reporting;
- SDG #5 and innovation systems;
- SDG #5 and sustainability transitions;
- SDG #5 initiatives/practices and business continuity.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
