

Special Issue

Food Safety, Food Quality, Food Packaging and Sustainable Food Supply Chains

Message from the Guest Editors

In this Special Issue, original research articles and reviews are welcome. Research areas may include (but are not limited to) the following: We invite you to publish original, high-quality scientific articles on key issues of a sustainable agri-food supply chain across a wide range of research areas.

- Food safety problems at various stages of production and delivery.
- The influence of storage and packaging conditions on food quality.
- The use of innovative solutions in the field of edible packaging in accordance with the idea of sustainable development, as well as the safety and quality of these products during storage.
- The impact of the quality of raw materials used in food production on product quality and supply chain behavior.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
