

Special Issue

Sustainability Management Strategies and Practices—2nd Edition

Message from the Guest Editors

This Special Issue invites research papers that may contribute to the applications or practices of sustainable development and sustainability in all fields. The papers should address but are not limited to:

- Environmental sustainability;
- Economical sustainability;
- Social sustainability;
- Sustainable supply chain management;
- Business models for sustainable supply chains;
- Governance and sustainability;
- Sustainability assessment and policies;
- Multiple-criteria decision-making;
- Soft computing on production, manufacturing, and logistics;
- Supply chain operations for a circular economy;
- Renewable energy self-sufficiency;
- Energy return on investment;
- General and related topics.

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
