Special Issue

Advances in Zero Energy Buildings

Message from the Guest Editors

Advancements in Zero Energy Buildings (ZEBs) could exceptionally reduce energy consumption and greenhouse gas emissions. This special issue is intended for Advances in Zero Energy Buildings at sustainability, materials, energy efficiency, technologies. environmental evaluation, etc. This includes analytical, experimental, and simulation work on Zero Energy Buildings that can serve the growing benefits of renewable energy resources. Submissions with novel material synthesis and applications in storage devices are encouraged, as well as significant results on device implementation and development. This applies to both lab-scale and large-scale applications. This special issue of Sustainability aims to collect the contributions of researchers to introduce the opportunities for future advances in Zero Energy Buildings (ZEBs).

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
