

Special Issue

Ship Recycling Industry and Sustainable Development

Message from the Guest Editors

For this special issue, we hope authors can contribute research articles or reviews in the following research fields:

- Environmental impacts of ship recycling;
- Hazardous material and waste management ;
- Circular economy and resource efficiency strategies (e.g., reuse, remanufacture) in the maritime industry;
- Facility design and process optimization;
- Net-zero ship recycling approaches;
- Occupational health and safety in ship recycling;
- Risk and safety quantification in ship recycling;
- Technological approaches and best practices in ship recycling yards;
- Policy, governance, and legal frameworks for sustainable ship recycling;
- Economic viability and market perspectives in ship recycling;
- Sustainable ship design and end-of-life considerations;
- Socioeconomics, labour rights; and well-being;
- Case studies on the successful implementation of sustainable ship recycling practices;
- Stakeholder engagement and public awareness.

Any questions, please ask Mark Huang .

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
