

## Special Issue

# Company and Climate Changes Conference CCC'2022

### Message from the Guest Editors

We are pleased to announce that our annual conference, CCC'2022, will be held on 18–20th December 2022 in Tunis, Tunisia. The theme of the conference is "Company and Climate Changes: The Imperative of Innovation and Sustainable Development, A New Paradigm in Finance". Through the launch of this conference, we aim to bring academics, practitioners and policymakers under one platform for initiating debates and discussions surrounding the issues of dual relationships between sustainable development and climate change. Several high-profile academics, practitioners and policymakers have been invited to the conference as keynote speakers and panellists. We invite papers covering different subthemes of sustainable finance, accounting, marketing, human resources, artificial intelligence, fintech and other business areas. Authors of top conference papers will be invited to submit their papers to a Special Issue of the journal "*Sustainability*", titled "Climate Change and Sustainable Development". You can contact us and submit your paper through the following address: [contact.conferencecccc@gmail.com](mailto:contact.conferencecccc@gmail.com).

## About the Journal

### Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
