

## Special Issue

# Sustainability of Aquatic and Wetland Ecosystems under Climate Change

### Message from the Guest Editors

This Special Issue of *Sustainability* focuses on the effects of climate change on aquatic and wetland ecosystems. We invite the submission of papers dealing with ecological risk assessment for wetland ecosystems, patterns and dynamics of community structures, ecosystem processes' functional sustainability, ecosystem restoration, etc. New approaches to derive risk assessment and management in wetlands are also of interest. New research papers, reviews and case reports are welcome, as well as methodological papers, brief reports, and commentaries. We look forward to receiving your contributions.

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
