

Special Issue

Trust and Sustainable Management in Construction Projects

Message from the Guest Editors

In this Special Issue, original research articles and reviews dealing with trust and sustainable management of construction projects are welcome. Research areas may include (but are not limited to) the following:

- The impact of trust on the achievement of project objectives related to sustainability;
- The development and management of trust among stakeholders;
- Management practices for sustainable development;
- Stakeholder and relational management in construction related to sustainability issues;
- Transparency and the use of information technology for information exchange in construction projects.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.
