

Special Issue

Sustainable Food Production and Processing Development

Message from the Guest Editor

This Special Issue on “Sustainable Food Production and Processing Development” aims to integrate new knowledge and technology to sustain foods throughout the food supply chain for global consumption, focusing on the concept of zero-waste production to increase food sustainability. This Special Issue can strengthen the Sustainability journal in terms of seeking the improvement of food sustainability to ensure food and nutrition security for human well-being.

The scope of this Special Issue is as follows: Thermal processing, non-thermal processing, and emerging and novel processing method development for food production with reduced water, reduced energy, and reduced waste; Non-destructive monitoring technology in food production lines; Waste utilization technology; Bio-conversion for food product development.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
