

Special Issue

Exploring the Social, Economic, and Environmental Dimensions of Sustainable Food Systems

Message from the Guest Editors

This Special Issue seeks to advance the current state of research on CSR, sustainable behavior, production and consumption. The overarching aim is to explore new perspectives on sustainability, sustainable production and consumption, by focusing on behaviour change (at firm and consumer level) on sustainability-related topics. Thus, interdisciplinary contributions are encouraged, and submissions may relate to the following broad theme examples:

- Corporate Social Responsibility
- Green business models
- Circular economy
- Farms and Sustainable productions
- Marketing and facilitating sustainable consumption choices
- Promoting green behavior, awareness, and mindfulness
- Sustainable consumers and lifestyles
- Green behaviors
- Consumer behaviour

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
