

## Special Issue

# Exploring the Social, Economic, and Environmental Dimensions of Sustainable Food Systems

### Message from the Guest Editors

This Special Issue seeks to advance the current state of research on CSR, sustainable behavior, production and consumption. The overarching aim is to explore new perspectives on sustainability, sustainable production and consumption, by focusing on behaviour change (at firm and consumer level) on sustainability-related topics. Thus, interdisciplinary contributions are encouraged, and submissions may relate to the following broad theme examples:

- Corporate Social Responsibility
- Green business models
- Circular economy
- Farms and Sustainable productions
- Marketing and facilitating sustainable consumption choices
- Promoting green behavior, awareness, and mindfulness
- Sustainable consumers and lifestyles
- Green behaviors
- Consumer behaviour

# About the Journal

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.
