

Special Issue

Sustainable Cultural Tourism in the Digital Age

Message from the Guest Editor

This Special Issue aims to highlight any topic concerning how cultural tourism is tackled nowadays, using new technologies and current resources that help make it more sustainable. How can sustainability in cultural tourism be achieved? How do we achieve a balance between development and the protection of cultural heritage nowadays? For this Special Issue, original research articles and reviews are welcome. Research areas may include, but are not limited to, the following:

- Achieving sustainability in cultural tourism;
- Advantages or disadvantages that cultural tourism currently presents;
- Cutting-edge case studies of current cultural tourism;
- Improvements and adaptations for the cultural tourism sector;
- Metaverse in the sustainable cultural tourism sector.

I look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
