

Special Issue

Thermal Energy Storage for Sustainable Industrial Technologies

Message from the Guest Editors

This Special Issue will investigate the following topics: thermal energy technologies, thermal energy analysis, sustainable thermal energy, thermal energy efficiency, thermal energy storage, thermal energy emissions, thermal energy management, thermal energy economies and related policies. The relevant areas include, but are not limited to, the following: ☐

Challenges in the thermal energy sector; ☐ Thermal energy supply and demand in different sectors; ☐ Sustainable thermal energy systems; ☐ Phase change materials in latent heat-thermal energy systems; ☐ Thermal energy technologies and applications; ☐ Thermal energy consumption and savings; ☐ Thermal energy policies; ☐ Thermal energy incentive and social benefits; ☐ Renewable energy integration.

Guest Editors

Dr. Ammar M. Abdulateef

Department of Aeronautical Techniques Engineering, Bilad Alrafidain University College, Diyala, Iraq

Dr. Jasim Abdulateef

Department of Mechanical Engineering, Diyala University, Baqubah, Iraq

Deadline for manuscript submissions

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
