

Special Issue

Transforming Landscapes: Sustainable Land Use, Environmental Protection, and Innovations in Landscape Research

Message from the Guest Editors

This SI aims to explore the dynamic interplay between sustainable land management, environmental preservation, and innovative landscape practices. In this Special Issue, original research articles and reviews are welcome. Research areas may include (but not limited to) the following:

- Sustainable Land Use Practices for Ecological Balance and Community Resilience;
- Green Infrastructure Solutions for Mitigating Environmental Challenges in Urban and Rural Areas;
- Innovative Ecological Restoration Techniques for Habitat Reconstruction and Species Reintroduction;
- Climate-Responsive Landscape Design for Enhancing Ecosystem Services and Reducing Environmental Impacts;
- Urban Greening Strategies for Biodiversity Promotion and Human Well-Being in Metropolitan Environments;
- Application of Digital Tools and Technologies in Landscape Management and Planning;
- Integrating Sustainable Agriculture Practices with Landscape Systems for Improved Food Security;
- Landscape Planning Approaches for Climate Change Adaptation and Resilience Building;
-

We look forward to receiving your contributions.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada

Author Benefits

Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

High Visibility:

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPIus / SciFinder, and other databases.

Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1
(Geography, Planning and Development)
