

Special Issue

Sustainable Tourism Innovation: Navigating Challenges and Building Resilience

Message from the Guest Editors

This Special Issue, "Sustainable Tourism Innovation: Navigating Challenges and Building Resilience," seeks to explore the integration of sustainability in tourism through innovative practices. It covers a wide range of topics, including, but not limited to, sustainable business models, technological advancements, policy development, and community engagement in the tourism industry. This Special Issue aims to provide a comprehensive overview of how innovation can address environmental, social, and economic challenges in tourism, thereby contributing to long-term resilience and sustainability.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario
Institute of Technology, Oshawa, ON L1G 0C5, Canada
