

Special Issue

Sustainable Tourism Innovation: Navigating Challenges and Building Resilience

Message from the Guest Editors

This Special Issue, "Sustainable Tourism Innovation: Navigating Challenges and Building Resilience," seeks to explore the integration of sustainability in tourism through innovative practices. It covers a wide range of topics, including, but not limited to, sustainable business models, technological advancements, policy development, and community engagement in the tourism industry. This Special Issue aims to provide a comprehensive overview of how innovation can address environmental, social, and economic challenges in tourism, thereby contributing to long-term resilience and sustainability.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University,
Columbus, OH 43210, USA
