

Special Issue

Integrating Digital Innovation and Strategic Management for a Sustainable Business Landscape

Message from the Guest Editors

This Special Issue aims to explore the dynamic interplay between digital innovation and strategic management, particularly in the context of fostering sustainability in businesses. We welcome original research articles and reviews that delve into these topics and more, contributing to a deeper understanding of how digital innovation and strategic management can work together to shape a sustainable business landscape. Topics of interest include, but are not limited to: -The impact of digital tools on strategic decision-making for sustainability. -Case studies of successful digital transformation initiatives that enhanced sustainability. - The role of digital innovation in achieving the United Nations Sustainable Development Goals (SDGs). - Industry-specific challenges and opportunities in integrating digital and sustainability strategies. - Emerging digital technologies that support sustainable business practices.

About the Journal

Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

Editor-in-Chief
