# **Special Issue**

# Engineering Management and Sustainable Construction Industry Development

# Message from the Guest Editors

The aim of this Special Issue is to gather cutting-edge research and insights that advance knowledge in sustainable construction practices and engineering management. By focusing on innovative methodologies and technologies, this Special Issue seeks to highlight the intersection of sustainability and construction management within the journal's scope. We encourage contributions that explore the implementation of smart construction, effective supply chain management, and green building retrofitting, as well as their implications for enhancing energy efficiency and environmental stewardship. Ultimately, this Special Issue aspires to facilitate dialog among researchers, practitioners, and policymakers, fostering collaborative efforts aimed at promoting sustainable development in the construction sector. In this Special Issue, original research articles and reviews are welcome and research areas may include, but are not limited to:

- Sustainable Construction Methods;
- Smart Construction Technologies;
- Supply Chain Management;
- Life Cycle Assessment;
- Green Building Retrofitting.

We look forward to receiving your contributions.

# **About the Journal**

# Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

# Editor-in-Chief

#### Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

### **Author Benefits**

### **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### **Journal Rank:**

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
