# **Special Issue**

## Sustainable Surface Coating Materials

## Message from the Guest Editors

I am pleased to invite you to submit your research work to the Sustainability Special Issue entitled "Sustainable Surface Coating Materials". Surface engineering is a domain closely connected to sustainability and environmental protection. Surface modification with the application of advanced coatings (from nanolayers to paints and varnishes) addresses limitations in the usage of rare and expensive materials, achieving at the same time high performance parameters. Nowadays, research on different coatings is a major area of interest among material, mechanical and chemical scientists all over the world. In this Special Issue, research on the mechanical, thermal, strength and chemical properties of a wide range of coatings (from nanolayers to paints and varnishes) and coated materials is desired. considering the sustainability and ecology of the production of these special materials.

## **About the Journal**

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in *Sustainability*, an international Open Access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. *Sustainability* publishes original research articles, review articles and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

## Editor-in-Chief

#### Prof. Dr. Marc A. Rosen

Faculty of Engineering and Applied Science, University of Ontario Institute of Technology, Oshawa, ON L1G OC5, Canada

### **Author Benefits**

### **Open Access:**

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

### **Journal Rank:**

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
