# **Special Issue**

# Climate Change Adaptation, Disaster Risk Reduction, and Sustainable Development

### Message from the Guest Editor

The Special Issue we propose to address is centered on the critical and interrelated themes of Climate Change Adaptation, Disaster Risk Reduction, and Sustainability. The overarching goal is to explore innovative strategies and policies that can effectively mitigate the adverse impacts of climate change while simultaneously enhancing community resilience to natural disasters and promoting sustainable development. The focus of this Special Issue will be on interdisciplinary research. that integrates insights from environmental science, social policy, economics, and urban planning to address the multifaceted challenges posed by climate change. The scope will encompass case studies, theoretical frameworks, and practical policy recommendations that can be implemented at local, national, and international levels. The purpose is to provide a comprehensive understanding of how adaptation and risk reduction can be harmoniously integrated into the broader context of sustainability.

# **About the Journal**

## Message from the Editor-in-Chief

I encourage you to contribute a research or comprehensive review article for consideration for publication in Sustainability, an international open access journal which provides an advanced forum for research findings in areas related to sustainability and sustainable development. The journal publishes original research articles, reviews, conference proceedings (peer reviewed full articles) and communications. I am confident you will find the journal contributes to enhancing understanding of sustainability and fostering initiatives and applications of sustainability-based measures and activities.

#### Editor-in-Chief

Prof. Dr. Steve W. Lyon

School of Environment and Natural Resources, Ohio State University, Columbus, OH 43210, USA

#### **Author Benefits**

### Open Access:

free for readers, with article processing charges (APC) paid by authors or their institutions.

### **High Visibility:**

indexed within Scopus, SCIE and SSCI (Web of Science), GEOBASE, GeoRef, Inspec, RePEc, CAPlus / SciFinder, and other databases.

#### Journal Rank:

JCR - Q2 (Environmental Studies) / CiteScore - Q1 (Geography, Planning and Development)
